

Veterinary Business Development & Training Manager".

TrustVet is a new health plan management service for companion animal vets.

We are looking for someone with a proven track record in sales, ideally within the veterinary industry to develop and grow our business.

The ideal candidate will have

- proven track record in sales (ideally within the veterinary industry)
- key account management or project management experience
- strong commercial mind with excellent financial/analytical skills
- excellent communication and presentation skills
- B2C trainer experience would be of benefit

As the TrustVet Plan management service is designed to increase revenue, compliance and customer loyalty within practice a passion for delivering excellent customer service is important .

The success of the service will be achieved where the whole practice understands the offering and is comfortable and confident to recommend it to pet owners therefore training skills will be essential. Good financial skills will be required to understand and explain the concept to potential customers.

This is a new exciting opportunity for business development and sales reps who are looking for a challenge.

Great package for the right candidate.

If you think you are the right candidate for this job please send your CV to Liam Moriarty
